# Making “Safety-First” Part of the Culture

START MEETINGS THIS WAY

NOT THIS WAY

## MISSION

- Promote a safety culture by making safety content easily accessible online.
- Start meetings by running your Safety Moment from the website.

## BENEFITS

- Convenient one-stop website for safety information
- Reduce last-minute preparation of pre-meeting safety presentations
- Most file types and formats supported
- Files are downloadable
- Upload your own content for public access
- Logging in provides a secure area for company safety information
- Make learning about safety fun and easy
- Promote a dialogue between like-minded companies on safety

# View/Download Safety Information in Seconds

- Use SafetyMoment.org as a platform to initiate safety discussions in your meetings just by opening your web browser.
